The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

Dr. A. H. Babcock, DENTIST. SPECIAL ANNOUNCEMENT.

To come in personal contact with the people of Perryburg and surrounding country and towns and to demonstrate my ability to do first class work, I will for the next 30 days beginning April 20th, and closing May 20th, make the following inducements:
To demonstrate my ability as an extractor I will extract one tooth without charge if you come between the hours of 4 and 5 o'clock P. M.
To demonstrate my ability to make artificial teeth I will insert one gold filling free in any tooth you wish on plate costing \$8.00 or over, material will be of the best, and further, I will re-urn your money if I misrepresent in any way, shape or manner. The above offer applies to anyone having their teeth extracted anticipating getting a plate.
To demonstrate my ability as a gold worker in Crown and Bridge work, I will deduct one dollar from the price of each crown whether it be an attachment for a bridge or a single crown. I guarantee to use 30 gauge 22K gold (a higher K than 22 is too soft) 20K and 18K gold solder on all crowns or bridges made. Your money back if you find I have misrepresented in any way. The only condition is that you cut this advertisement out and bring it with you. I take this course simply to convince any who are skeptical as to my ability and under no circumstances will this offer be continued longer than May 20, 1903, and have your teeth examined free. I will give you a price on your work and refer you to people for whom I have done work if so requested.

Dr. A. H. Babcock, PERRYSBURG, O.
